## PROPOSES NOVEL STAKES

J. N. CAMDEN ORIGINATES UNIQUE PLAN FOR VALUABLE EVENT IN KENTUCKY.

Idea Is to Have Series of Races at Three Kentucky Tracks, with Part of Stakes Accumulative Until One Horse Wins All Three,

Lexington, Ky., December 31.—Johnson N. Camden, the widely-known Woodford County breeder of thoroughbred horses and member of the Kentucky State Racing Commission, this week mailed to the Lexington, Louisville and Latonia race track managers and to a number of the leading breeders and onwners of running horses in this section, copies of conditions of the "Triple Crown," a new series of stakes that he is proposing. Mr. Camden's letter tellows:

stakes that he is proposing. Mr. Camden's letter follows:

"Please find enclosed a suggestion for a series of stakes to be run at Lexington, Louisville and Latonia, and to be called the "Triple Crown,"

"This is sent to invite your suggestions, criticisms and comment, in the hope that it will meet with your approval, and that in the years to come it will tellect credit, upon, and interest in the turf.

"I feel that it is important at this time to inaugurate some dignified stakes, without bearing too heavily upon the resources of the racing associations themselves. These events, as you will see, are in the nature of sportsmen's propositions; as each man enters them with a generous spirit of entering his horse, and foregoing something in the immediate present for the sake of a more brilliant and greater future. You will see fast if this stake should go for a period of five or ten years, the accumulated reserve would be quite a fund of money fo compete for; that would encourage owners and trainers to hold on to and take care of a good aged horse, and from a breeder's standpoint the horse that won the Triple Crown would be the preferred stallion among the young, untried horses.

"In my opinion, a race of this character would invite more public interest in the turf that any sort of a race we could inaugurate, beside being a very practical test of what is the best horse in America.

Following are the conditions of the new series of

sort of a race we could inaugurate, best borse in America."
Following are the conditions of the new series of stakes as proposed by Mr. Camden!

TRIPLE CROWN.—For Three-Year-Olds and Upward. Handleap.
To be run at Lexington and Louisville spring meetings, and at Latonia fall meeting.
Lexington to add \$1,500.
Lauisville to add \$2,500.
Twenty-five dollars to enter and \$75 additional to start in each race.
Race at Lexington to be at 1 1-8 miles.
Race at Louisville to be at 2 1-2 miles.
The horse winning at Lexington to be penalized five pounds at Louisville. The horse winning at Louisville to be penalized an additional ten pounds at Latonia.
The horse winning the race at Lexington to get the horse winning at Latonia, and the lorse winning the race at Lexington to get the horse of the added and take money. The horse

five pounds at Louisville. The horse winning at Louisville to be penalized an additional ten pounds at Latonia.

The horse winning the race at Lexington to get two-thirds of the added and stake money. The horse winning at Louisville to get two-thirds of the added and stake money. The horse winning the race at Latonia to get two-thirds of the added and stake money. In case one horse wins all three races in one year, he is to receive the accumulated money at Lexington, Louisville and Latonia, In case one horse does not win all three races in the same year, the money held out as above provided, is to be held in a pool and added to the Triple Crown for the following year, and to be run for annually until all three races are won by one horse the same year, when he is to receive all of the money for the year in which he wins, as well as all money accumulated in the pool from the preceding years, when the race will be renewed.

Secretary Garret, D. Wilson of the Kentucky Association gives his approval to the Triple Crown, but suggests that it be stipulated that the second horse receives \$200 and the third horse \$100 out of the added money at each running. "In this day and time," said he. "I fear it is not possible to get the entries to an event so thoroughly embodying the principles of sportsmanship as are manifest in the winner take all' feature of this stake."

Mr. Camden invites suggestions and criticisms and requests that they be addressed to him before January 7, since he is intending to take a trip away from his home at Versailles for a couple of months.

## RACING GOSSIP FROM THE FAST.

New York. December 31.—George W. Langdon, nickmanned "Whitey" on the race tracks, is spending the winter here after a long campaign in Maryland and Canada. Langdon is a typical soldier of fortune. He has had so many mps and downs he cannot remember them all. A dozen years ago he was a betting commissioner in the grandstands of the New York tracks. He had saved \$1.000 when he got a tip at Morris Park one day that the famous mare Eugenia Burch, then a two-year-old, would win her first start that afternoon. Langdon wagered all he had at 15 to 1 and cashed. Thereafter he became a plunger and before the year ended he was comparatively rich. Five years later he was down and out. He was engaged by John A. Drake as betting commissioner and after several days of good fortune at Sheepshead Bay Whitey had \$50,000 in the bank. Again misfortune hunted him up and he lost steadily and heavily. But he had plenty of credit and his markers were perfectly good. Later on he enjoyed another streak of luck and wiped out all of his obligations. Then he married the widow of the nurdered bookmaker Caesar Young and has been traveling at a moderate pace ever since.

Entries for the Futurity of 1915 of the Coney Island Jockey Club are to close Thursday at midnight. Secretary V. E. Schaumberg has already received a liberal response from the breeders, and at this time he has reason to believe that the final results will compare favorably with those for the Futurity of 1913, which has an estimated value of \$21,230. John E. Madden at this time is the most extensive nominator to the race. It will not be unfit the mail is received from the outlying breeding farms that the full list of entries will be known.

Jockey Willis Lounsberry, who is under contract to Frederick Johnson, is contemplating riding during the coming Charlesson meeting provided he is granted permission by his employer. Mr. Johnson bought the contract on Lounsberry from Thomas Hatfield at Baltimore last spring, but he had little use for the rider's services, for he has been at

rider's services, for masses of the services have that time he has been at Sheepshead Bay. He is sound again and eager to be back in the saddle.

W. P. Burch, who has a big string in his care at the Benning track, will race at Charleston, He has the horses of S. Ross, George P. Eustis and H. T. Oxmard, as well as some of his own. Some of those in the string are Shackleton for Dr. Duemer, Claque, Little Ep. Lyuchburg, Best Family, Winbert, a two-year-old by Contract, and a yearling brown gelding by Golden Maxim.

Jockey Charlie Fairbrother, who has been spending the holidays at his Brooklyn home, will be at

#### ONLY ONE NEW AMERICAN RECORD MADE DURING 1912

It is remarkable and perhaps significant that the racing of 1912 should have been productive of but one new American record. It has generally happened in preceding years that numerous records have been reduced season after season. During 1911 six new American records were established, which is fairly representative of what had been happening in the years immediately preceding. It is true that the record-breaking performances of 1911 were at distances at which races are rather infrequently run, as compared with the records that have survived for years for the distances that figure most frequently in the racing programs of the country.

The paneity of record-breaking performances during the year just ended may be ascribed to one or more causes. To begin with, it may be an aftermath of the wholesale shipment of the cream-of American noroughbreds to Europe to engage in the sport under conditions more favorable than those prevailing in the United States. While there are still unquestionably high-class horses in this country their numbers have been sadly reduced. Or, it may be that American track records, refined by years of racing under decreasing weights and modern methods of track freatment that permitted marked improvement in time, have at last reached the point where further changes will be triffing.

The only American record that was reduced during the year was that for four miles. In 1911 Messenter Boy, in winning the Kentucky Endurance Stakes at Churchill Downs, established a new four-mile record of 7:14%. It was this record that Mrs. L. A. Livingston's good mare. Sotemia, in winning this year's renewal of the same stake, further reduced to the astonishing time of 7:10%. It is generally thought that this record has now been established at figure that will stand for some time to come.

Two American records were equaled during the year. At the Lagoon track, near Salt Lake City, Utah, July 9, F. J. Grefer's two-year-old filly, Floral Park, gained the distinction of sharing with Joe Morris the credit for the fast

El Paso, Tex., December 31.—The weather today was absolutely perfect and it seemed, fing by the number of tadies who visted the July track to witness the racing, that there were many at home in El Paso.

The favorites all met with defeat. Jose Schreiber's Jim Basey, which has raced almost echsively in the west, won the afternoon's feaful at seven furlongs in a drive with Lady Pauchita. Gold of Ophir secred handly in the last race of the day. When opposite the paddock, Rio Brazos, the favorite, took command, but held the lead only for the moment, for Gold of Ophir gamely came on, to win in the last stride.

Jockeys Gross and Steele divided the riding honors of the day, each piloting two winners.

Three claims were put in for Ymir, the beaten favorite of the second race. They came from R. F. Carman, Earl Linnell and W. M. Cain. When lots were drawn, Mr. Linnell secured the horse for \$525.

E. Gatewood, who arrived here early in the season with his horses, only to have all of them take sick, returned today from a business trip to \$t. Louis: He was accompanied on his return by A. C. McCafferty.

### IMPROVING THE MILITARY HORSE.

IMPROVING THE MILITARY HORSE.

New York, December 31.—After a tour of the continent beginning last September for the inspection of cavalry establishments of various European countries, the United States cavalry board, headed by Brigadier-General E. G. McClernand, returned last night on the steamer Campania with a mass of information regarding training of cavalry and the question of remounts. The results of their investigations will be embodied in a report to the chief of staff of the Army at Washington.

The commission, which besides Brigadier-General McClernand comprises Major Jesse McI. Carter. Leutenant-Colonel J. T. Bickman and Colonel James Parker, visited Russia, Italy, Austria, France, Germany and England. They said that all the cavalry they had seen was on a high plane of development. General McClernand said they were everywhere received with the greatest cordiality and every facility was given them for the proper inspection of the work of cavalry forces in the field and at home.

General McClernand reported that in England there was a growing demand for American-bred cavalry horses. The British army is now using the best of Itish hunters, but these animals are not heavy enough for the work, he said. It was his idea that the American horse, inbred with the heavy stock from Europe, made the ideal cavalry mount.

Washington, D. C. December 2011.

Washington, D. C., December 31.—Under the provisions of the current appropriation act for the Department of Agriculture anthorizing the inauguration of experiments in the breeding of horses for military purposes and providing \$50,000 for that purpose, the Secretary of Agriculture, with the courrence of the Secretary of War, has appointed the following gentlemen as advisory agents in the selection of stallions and to assist in the operation of the government's plan; Henry Fairfax of Virginia, for thoroughbreds; C. L. Railey of Kentucky, for American saddle horses; Walter Palmer of Illinois, for standard breds; Maxwell Evarts-of Vermont, for Morgans.

for standard breds; Maxwell Evarts of Vermont, for Morgans.

Each gentleman acts with the officers of the government in the selection of stallions of the breed he represents. The Secretary of War has designated Lieutenant-Colonel D. S. Stanley of the quartermaster corps to represent the Army, and the Secretary of Agriculture has designated George M. Rommel, chief of the animal husbandry division of the bureau of animal industry, to represent the Department of Agriculture.

Thirteen stallions have been purchased to date, as follows:

Thoroughbreds: Gold Heels, by The Bard-Heel and Toe; Charcot, by Common—Spanish Match.

Morgans: Daniel Webster Lambert, by Joe Allen; Madison Lambert, by Lambert B.; Prince M., by Ethan Allen HI.—Topsy M.

All of these horses are well bred and registered, and some are well known individuals. Gold Heels, for example, had a conspicuous career on the turf; Common, the sire of Charcot, was by Isonomy, and was winner of the Two Thousand, Derby, St. Leger and other important stakes in England. All the saddle horses thus far purchased have had winning records at the Kentucky fairs, Of the standard breds, MacNume is notable in that he, like Carmon at the Colorado stud of the Department of Agriculture, is a grandson of Robert McGregor, Sigler was first in the two-year-old class for standard bred trotters at the national horse show in 1911, and Lord Rion's sire, Arion, sold for \$125,-000. The Morgans are excellent representatives of the breed and should prove useful as sires of cavalry horses of good size and conformation. The sire of Prince M., Ethan Allen III., has left a remarkable impress on the character of the Morgans on the east side of Vermont.
